5. Application for Special Examination Arrangements

The school sets two application deadlines within an academic year for parents to submit applications, allowing sufficient time for school staff to prepare adjustment arrangements. For the next term, parents must submit the application letter and a valid assessment report on or before 12th February, 2026. If documents are submitted after the deadline, the adjustment arrangements will be deferred to the next academic year. Approved arrangements will apply for the entire academic year, so students who have been approved do not need to reapply.

If special examination arrangements are to be cancelled during the term, or if an updated assessment report indicates that special examination arrangements are no longer necessary, the change will still be deferred to the next academic year for implementation.

Parents are requested to place the relevant documents and application in the same envelope, and write on the front of the envelope: 'To Special Educational Needs Coordinator, Ms. Tse Po Yee.'

6. Payment Notice

Regarding the payment items, please refer to Payment Notice No. 5. The payment notice will be provided to parents together with the school circular issued in late this month.

Should you have any questions, please feel free to contact the class teachers.

Warm regards,

Cheng Suk Wah
