1. Vision

The school nurtures students with the five Catholic core values, Truth, Justice, Love, Life and Family. With the values, students are groomed into individuals of integrity with a fulfilled life, family and truth under Jesus's teachings on love and justice. Students work positively towards their life and contribute to the community under the guidance of our school mottos, Truth, Modesty, Constancy and Sincerity so as to achieve whole person development.

2. Mission

- 2.1 With the guidance of the Catholic Education, we aim at helping students embrace Jesus's teachings on love and justice and grooming students into individuals of integrity with moral, ethical and religious values.
- 2.2 We nurture students with compassion in serving the community and courage in meeting the challenge of life and enthusiasm in making contributions to our society and country.

3. Core Values of Catholic Education

Love, Life, Family, Truth and Justice

4. School Motto

Truth, Modesty, Constancy, Sincerity

- The adoption of e-resources and electronic devices in learning has been highly implemented but student discipline towards the e-tools may be a concern.
- The language competence for students especially after the third cycle of MOI is also a concern.
- The new face of students after the pandemic in terms of learning gives a strike to teachers especially new junior students.
- Reading activities or coursework are well-developed in some non-language subjects but leisure reading time is limited.
- Learning time at home may not be appropriate.

2. Student Formation

Major Concern 2: Cultivate the gratefulness atmosphere through value education and service learning

Briefly list the feedback and follow-up actions from the previous school year:

- The mental health is a major concern after the Covid 19. There is an increase in the mental health cases. More preventive work has to be done.
- Service learning has been disrupted in the pandemic. It is an effective way for students to build up a positive mindset through serving the underprivileged and be more appreciative to themselves and others.
- A positive atmosphere can enhance the blissful feeling of students. Through the continuation of the implementation of value education and Catholic Core values, strengthen the rapport between students and their counterparts and family.
