

Tuen Mun Catholic Secondary School
Student Formation Committee

Upholding the core values of the Catholic Diocesan Schools, the Student Formation Committee helps students nurture a loving and righteous temperament, develop virtues and a positive attitude, in addition to improving their self-confidence. To realize these missions, we will explore opportunities for all-round development -- students can, through cultivation programmes inside and outside the classroom, broaden their horizons and acquire a positive perception of life.

For affective education, the Committee will forge friendly relationships between teachers and students to raise the latter's sense of belonging. By creating a caring campus, we encourage students to serve different groups in society and contribute to the community and the country. We believe that an all-round cultivation can realize whole-person development and lifelong learning.

Key roles of the Committee

- 1 Formulate student formation plans:
 - Put into practice our school ethos of purity and simplicity
 - Create a caring campus that caters for spiritual needs to encourage students explore the areas of religion and spirituality

2. Coordinate work plans of various committees:
 - Lead the Pastoral Care Committee, Guidance and Discipline Committee, Civic Education Committee, Extracurricular Activities Committee, Life-wide Learning Committee, and Special Needs Education Committee to implement and drive developmental work of each committee.

3. Coordinate joint committee meeting:
 - Lead class teacher meetings and joint committee meetings
 - Formulate, implement, and perfect the school ethos and initiatives on class management

4. Formulate, implement and make enhancements to school rules as well as the award and punishment system to maintain good school ethos
 - Help students develop positive character traits
5. Coordinate and promote the participation of extracurricular and life-wide learning activities
 - Enhance the systems and initiatives of leadership cultivation and service-learning
6. Coordinate, implement and make enhancements to the Healthy School Policy, programmes and initiatives, such as religious and spirituality education, health education, sex education, and moral and civic education, etc.
7. Coordinate, implement and make enhancements to life- planning education programmes and activities
8. Establish the Big brothers and sisters team to promote support among peers and commitment to serve others
9. To lead a "Healthy Lifestyle" is one of the learning goals of school curriculum.
 - To helping students achieve favourable physical, psychological and social well-being so as to foster students' whole-person development.
 - Nurture a caring culture on campus so that students can develop healthy living habits, positive outlook on life and values, enhance teachers' and students' sense of belonging to the school.
 - Improve the campus environment, handle businesses relating to campus life
10. Coordinate parent education activities and support the work of the Parent-Teacher Association to strengthen the link between parents and the school so as to establish mutual trust
11. Formulate strategies and organize activities to connect alumni, support the work of the Alumni Association to encourage old boys and girls to support the education work of the school
